

Factories in Myanmar that supply members of Fair Wear Foundation

FWF members with production in Myanmar are required to implement additional, country-specific measures to support the implementation of decent labour conditions in Myanmar. The April 2018 updated Enhanced Monitoring Programme specifies requirements related to:

- Transparency
- Due Diligence
- Auditing suppliers in Myanmar
- Promote processes to ensure Freedom of Association and enhance social dialogue at suppliers
- Payment of at least the legal minimum and work towards the payment of a living wage
- Child Labour.

These country specific requirements for Myanmar are in addition to FWF’s general requirements for its members. In addition, FWF maintains and publishes a list of factories that makes transparent where FWF members are sourcing. For more information, see the [FWF position paper on Myanmar](#).
