

**Factories in Myanmar that supply members of Fair Wear Foundation**

FWF members with production in Myanmar are required to implement additional, country-specific measures to support the implementation of decent labour conditions in Myanmar.

Members should avoid production at factories linked to the military regime and/or forced labour cases and/or questionable land ownership. FWF members (that consider) placing orders in Myanmar are required to share in full their due diligence process with FWF to ensure compliance with the above points.

The list of factories below makes transparent where FWF members are sourcing and for which factories the additional due diligence process was conducted. For more information, see the [FWF position paper on Myanmar](#).
